SUMMARY

Front-End Developer with 1.5+ years of experience and 3 months of internship, skilled in building responsive dashboards and landing pages using React.js, Redux, JavaScript, HTML5, CSS3, Tailwind CSS, and Bootstrap. Experienced in creating reusable components, clean UI/UX, and integrating with MySQL, MongoDB, and Node.js for dynamic applications.

SKILLS

HTML | CSS | Bootstrap 5 | Javascript | jQuery | React.JS | Redux | Node.JS | Express.JS | MongoDB | SQL | PHP | Python | MySQL | Git | Github | Tailwind CSS | Wordpress | Figma | Jenkins | Kubernetes | Docker

WORK EXPERIENCE

Front-End Developer

June 2024 – Present

Meritto | Bengaluru, Karnataka

- Developed and maintained a responsive student dashboard for IIT Madras and SRM Group of Institutions using React.js, enabling seamless application form management and enhancing overall user experience.
- Built responsive, mobile-first UIs with HTML5, CSS3, and Tailwind CSS, ensuring pixel-perfect design and consistent performance across browsers and devices.
- Utilized JavaScript (ES6+) to write clean, modular, and maintainable code, integrating with RESTful APIs and managing asynchronous operations using fetch and axios.
- Focused on building frontend features in React.js while collaborating with backend developers to integrate and test RESTful APIs, ensuring consistent data exchange between client and server (Node.JS, Express.JS, MongoDB).
- Implemented state management using Redux Toolkit, streamlining data flow and reducing prop-drilling across complex UI components.
- Used Context API for managing shared states such as authentication, theme, and user preferences in smaller modules.
- Collaborated in an Agile development environment, using Git and GitHub.

Web Developer Intern
G-Rank | Hyderabad, India

Feb 2024 – May 2024

- Developed and maintained responsive web pages using React.js, JavaScript (ES6+), HTML5, and CSS3, ensuring cross-browser compatibility and mobile responsiveness.
- Integrated RESTful APIs and utilized React Hooks for efficient state management and component reusability..
- Implemented component-based architecture to enhance code maintainability and reusability.
- Participated in code reviews, debugging, and performance optimization to deliver a stable and high-quality front-end experience.

EDUCATION

Mechanical Engineering – B.Tech

July 2019 – April 2023

Indian Institute of Information Technology (IIIT) – Kadapa, India

PROJECTS

Personal Portfolio Website

- Developed a fully responsive personal portfolio website using React.js to showcase about, technical skills, education and contact information.
- Implemented a Node.js + Express.js backend with MongoDB integration to store and manage enquiry form submissions securely.
